Hi [[firstname]],

It's Bob Andolina again from Traffic Oasis.

PS, If you want to get in touch with me ASAP, please be sure to email me at [Mailto:andolina.distributors@verizon.net](mailto:andolina.distributors@verizon.net)

I am sending you this message because I have not been able to reach you yet and so I thought you might find this information interesting until we get a chance to talk by phone.

Suppose you were to earn \$400 extra this month, part time, (5-15 hours per week), from home. Let's suppose you continue to do the same every month for the next 2 years.

Now, let's suppose that your income is compounded.

Your paycheck this month is \$400

Next month's paycheck is \$800

The following month's paycheck is \$1,200

Your 12th month's paycheck is \$4,800

After 2 years, you are earning \$9,600 every month - part time and growing!

Question: Do people really make that kind of passive income?

Answer is simple: Go to a first class resort on a weekday and you will find them there. They're making money even while they are playing golf, relaxing and enjoying life with family and friends.

Maybe it's not realistic in your job, or most jobs as far as that goes, but is it possible to have this kind of lifestyle?

**YES!**

Some people build faster and others more slowly. But all who at least show up and follow our proven process will earn more than they are earning today and will continue to earn that extra income even when they are not there to work the system. How? That is what I want to talk to you about.

Another Question For You: What are you waiting for?

A Better Question For You: Would you rather be earning like this sooner or join the later group? (HINT: The people who start sooner are the ones who end up making more because time is on their side).

When you join us, we will show you how it's possible for you to put enough business on the books in 2 years so that you don't ever have to work again if you choose not to.

Check us out as we check you out. Let's talk and see if we can make this happen for you.

I'll look forward to meeting you soon,
